

Safety Notice

DO NOT WALK ON THE NEWLY LAID, HOT SURFACE

Please take care when walking on the surface as it may take time to fully cool. If you walk or cycle on the road and you get bitumen on your clothes or shoes, it can be removed with an appropriate cleaner.

Look out for your pets walking on the new surface especially walking your dog or when cats are roaming around.

We are working in a road near you.

London Road

Highway Repairs

Monday 22nd — Tuesday 30th April 2023

Dear Businesses and Residents,

We are writing to inform you that resurfacing works will be taking place in London Road.

The works will start on Monday 22nd April and will take up to 7 working nights to complete, weather permitting. Our working hours will be 8pm—5am. No weekend works.

Q. What impact could the resurfacing works have on me?

A. There will be no on-street parking within the red area marked in the diagram during excavation, surfacing and road markings. Please be advised that any vehicles parked in the works location will need to be moved under Portsmouth City Council (Local Carriageway Resurfacing Programme) (Temporary Prohibition of Driving, Loading and Waiting) (No.230) Order 2023.

Q. Why are you doing this?

A. We are contracted to maintain the roads and pavements in the city. The section of London Road identified in red has been highlighted as requiring resurfacing works to increase the longevity of the road.

Q. Will the work be noisy?

A. Some aspects of this work will be noisy, mostly the excavation of the road surface which starts on Tuesday 23rd April. There will also be beepers from our vehicles when reversing, these are mandatory for health and safety reasons. We will endeavour to keep all noise to a minimum and your patience on this matter is appreciated.

Q. What precautions should I take during the resurfacing works?

A. Do not walk or cycle on the newly laid, hot surface. If you walk or cycle on the road by mistake, please check that you don't have bitumen on your shoes or bike. In the event that you do get bitumen on your clothes or shoes, it can be removed with an appropriate cleaner. Please also look out for your pets walking on the new surface especially when walking your dog, or cats who may be out roaming around.
